by deleting the language following the enacting clause and substituting instead the following:

SECTION 1. Tennessee Code Annotated, Section 55-10-605, is amended by deleting the section in its entirety and substituting instead the following:

(a) Records of convictions of offenses within the purview of this part, which are kept by the department of safety, and certified copies thereof, are admissible in evidence in proceedings under this part. Such records create a rebuttable presumption of the truth of the entries on such records. The admissibility of such records does not limit the admissibility of other evidence.

The determination by the department shall be made without a hearing. Upon determining that an individual is a motor vehicle habitual offender, the commissioner shall revoke the individual's operator's license and shall by certified mail notify the individual at the address shown on the individual's operator's license that:

- (2) the individual's operator's license or licenses are revoked for three (3) years from the date of conviction of the triggering offense;
- (3) the individual shall surrender to the department of safety all licenses to operate a motor vehicle upon the highways of this state;
